Uses

1. Primary:

Contain actions that are primary and are distinguished by their use of fill. Container width can be set to

- Size of text label with 16px padding left and right

- Relative position to the layout grid

2. Secondary:

Contain actions that are important but not primary. Container width can be set to

- Size of text label with 16px padding left and right

- Relative position to the layout grid

Secondary and Standard buttons should not be used together. Instead they should be used along with either a Primary Button or a Text Button.

3. Text Button:

Used for less pronounced actions located in Dialogs or Cards and help maintain emphasis on content.

4. Text Link:

Used for hyperlinks to outside pages such as Terms & Conditions or the Learning Center.

5. Icon Button:

Used for one click actions such as Delete or Edit and do not need a text label.

6. Small:

- Used only in expanded line items when adding holdings or savings strategies.

- Turns to a Text Link once these strategies have been added.

7. Small Button Text Link:

- Used only in expanded line items when adding holdings or savings strategies.

- Small Button turns to a Text Link once these strategies have been added.

- Text Link shows how many of these strategies has been added.
